The Honorable Michael D. Barnes
House of Representatives
Washington, D.C. 20515

Dear Mr. Chairman:

I am writing in response to your letter of 10 June 1983 to the Director of Central Intelligence, Mr. William J. Casey, regarding [redacted] Spacesaver Systems, Inc. This is to advise you that [redacted] concerns are presently before the General Accounting Office for review as a formal Bid Protest. The Comptroller General will be investigating the matter fully and will respond to [redacted] as appropriate.

In answer to [redacted] questions, we can assure you that Agency technical specifications were not altered to protect Remco Corporation, the successful bidder, or for any other improper purposes. More specifically, our tight deadline for contract performance was imposed because of the date scheduled for occupancy of the building. When construction difficulties delayed the date the building would be available for occupancy, our requirement for expedited performance ceased to exist. Simply stated, our tight deadline for contract performance was relaxed, not out of concern for Remco or any other bidder, but because the building occupancy date was delayed due to construction problems, thereby eliminating the need for the tight deadline originally required.

STAT

[redacted] has also inquired concerning amendments to the technical specifications for the required shelving. These specifications were amended seven times, each on the basis of recommendations from our contracting and technical components. We wish to emphasize that these amendments were issued in order to ensure the suitability of the product and to remove ambiguities from the solicitations.

As mentioned previously, these matters and several other relevant questions are presently before the Comptroller General for review, and further elaboration on the facts at this time may be inappropriate pending a decision by the Comptroller General. I trust the foregoing is responsive to your inquiry and will provide some reassurance to your constituent that his interests were properly safeguarded by this Agency.

Cordially yours,
